## IV INFUSION MEMBERSHIPS

**CORE**  
(INCLUDES: 1 infusion, excluding NAD+ and Brainstorm)  
**\$150/MONTHLY**

**ELEVATE**  
(INCLUDES: 2 infusions, excluding NAD+ and Brainstorm)  
**\$250/MONTHLY**

**IMPACT**  
(INCLUDES: 3 infusion, 1000ML monthly, excluding NAD+ and Brainstorm)  
**\$400/MONTHLY**

# NAD+ Therapy

Reignite Energy, Boost Mental Clarity  
& Fight the Effects of Aging

NAD+ (Nicotinamide Adenine Dinucleotide) is a vital coenzyme that naturally occurs in the body and plays a crucial role in energy production at the cellular level. It is integral to mitochondrial function, helping convert nutrients into energy-rich ATP molecules. As we age, NAD+ levels decline due to lower intrinsic production and environmental stressors, leading to fatigue, mental fog, skin dullness, and poor sleep quality.

### Possible Benefits of NAD+ Infusions:

- **Boosts Energy:** Supports mitochondrial function, improving cellular energy production
- **Improves Mental Clarity:** Enhances focus, concentration, and mental alertness
- **Improves Sleep Quality:** Helps regulate circadian rhythms and promotes deeper rest
- **Enhances Athletic Endurance:** Increases stamina and reduces fatigue
- **Fights the Effects of Aging:** Supports cellular repair, boosts vitality, and combats oxidative stress

### Other Uses:

- **Addiction Recovery:** Helps reduce cravings and withdrawal symptoms by replenishing NAD+ levels
- **Mood Support:** Boosts serotonin levels to alleviate symptoms of depression and anxiety

For enhanced absorption, NAD should be injected IV

- 250MG  
- 2 hour session -
- 500MG  
- 4 hour session -

## IV Infusion Therapy

### Hours of Operation

Mon - Fri: 9 am to 5 pm  
Sat - Sun: Closed

📞 561-214-2158

**Alleviate IV  
(Relief from PMS Discomfort)**

The Alleviate IV Kit is designed to ease PMS symptoms like cramps, bloating, irritability, headaches, and fatigue. Each kit provides up to 7 nutrient-rich infusions to help you feel balanced and energized.

Possible Benefits:

- Calcium Chloride: Relieves cramps, supports mood through serotonin regulation
- Vita-Complex: Boosts energy, improves mood, reduces body tension
- Hydroxocobalamin (B12): Enhances energy, mood, and nerve function
- Magnesium Chloride: Eases pain, reduces inflammation, relieves migraines

**B-Lean IV  
Fuel Your Metabolism & Energy**

Designed to help burn fat and boost metabolism, the B-Lean IV Kit delivers multiple treatments with high-quality B vitamins and amino acids to support energy, focus, and performance.

Possible Benefits:

- Methylcobalamin (B12): Boosts energy, sharpens focus, supports fat-to-energy conversion
- L-Taurine: Enhances mental performance, reduces fatigue, improves exercise endurance
- B-Complex Vitamins: Support metabolism, promote healthy skin and blood cells, convert nutrients into energy

**Brainstorm IV  
Fuel Focus & Mental Clarity**

The Brainstorm IV Kit is a nutrient-rich infusion designed to support cognitive function—enhancing memory, learning, and mental processing. Ideal for anyone seeking sharper focus and improved brain performance.

Possible Benefits:

- Pyridoxine (B6): Supports neurotransmitter function, improves mood, aids memory
- L-Taurine: Enhances mental performance, reduces brain fatigue
- Alpha-Lipoic Acid: Powerful antioxidant that supports brain cell energy and protects against cognitive decline

**Get-Up-And-Go IV  
Boost Energy & Jumpstart Your Metabolism**

The Get-Up-And-Go IV Kit is formulated to help re-energize your body, kickstart your metabolism, support performance, and fight fatigue.

Possible Benefits:

- Vita-Complex: Reduces fatigue from dehydration, boosts mood and energy through better carbohydrate metabolism, eases body tension
- Amino Blend: Enhances athletic performance, promotes fat burning, supports a healthy metabolism

**Immunity IV  
Strengthen Your Defenses & Recover Faster**

Designed to boost your immune system, help prevent illness, support faster recovery, promotes overall wellness and cellular protection.

Possible Benefits:

- Ascorbic Acid (Vitamin C): Acts as a powerful antioxidant, supports immune defense, boosts collagen, and enhances iron absorption
- Vita-Complex (B Vitamins): Supports energy levels, immune health, and cellular function
- Zinc Sulfate: Helps shorten illness duration, supports immune response, and speeds healing

**Inner Beauty IV  
Glow from Within—Hydrate, Restore, Renew**

The Inner Beauty IV Kit is designed to deeply hydrate the skin, reduce signs of aging, and strengthen hair, skin, and nails from the inside out.

Possible Benefits:

- Ascorbic Acid: Boosts collagen production, hydrates skin, reduces redness, dark spots, and irritation
- Vita-Complex: Fights inflammation, supports skin clarity and hydration, enhances cellular renewal
- Biotin: Supports collagen and keratin formation, strengthens hair follicles, improves skin elasticity and reduces wrinkles

**Quench IV  
Hydrate, Restore, and Refresh**

The Quench IV Kit is formulated to relieve symptoms of dehydration, restore essential nutrients, and help you feel revitalized.

Possible Benefits:

- Ascorbic Acid: Increases skin moisture, repairs skin cells, promotes new growth, and supports immunity
- Vita-Complex: Reduces fatigue from dehydration and helps the body manage stress
- Mineral Blend: Replenishes vital electrolytes, supports fluid balance, and optimizes hydration at the cellular level

**Reboot IV  
Recover Fast. Rehydrate. Reboot.**

The Reboot IV Kit is specially designed to hydrate your body and relieve common hangover symptoms like nausea, fatigue, and dehydration—so you can bounce back quickly.

Possible Benefits:

- Ondansetron: Helps reduce nausea and prevent vomiting
- Vita-Complex: Combats fatigue from dehydration and supports stress recovery
- Mineral Blend: Replenishes electrolytes, restores fluid balance, and aids in flushing out toxins

**Recovery & Performance IV  
Recover Faster. Perform Better.**

The Recovery & Performance IV Kit is designed to reduce recovery time, enhance athletic performance, replenish key nutrients, and reduce inflammation, helping you recover and perform at your best.

Possible Benefits:

- Ascorbic Acid: Supports muscle tissue repair, boosts immunity, and aids in skin cell recovery
- Vita-Complex: Reduces fatigue from dehydration, decreases stress, and fights inflammation
- Amino Blend: Enhances athletic performance, promotes fat burning, and improves metabolism
- Mineral Blend: Replenishes essential electrolytes, regulates fluid balance, and aids in toxin removal

**Snow Bright IV  
Illuminate & Rejuvenate Your Skin**

The Snow Bright IV Kit is designed to brighten and rejuvenate the skin, promoting a youthful glow and improved skin quality. This powerful infusion helps reduce dark spots and supports overall skin health.

Possible Benefits:

- Ascorbic Acid: Repairs damaged skin, boosts collagen, reduces inflammation, and increases skin elasticity
- Alpha Lipoic Acid: Reduces melanin production to fade dark spots, improves skin tone and texture, and removes free radicals
- Glutathione: Lightens skin, decreases oxidative stress, and reduces signs of aging by promoting DNA repair

**Myers' Cocktail IV  
Support for Chronic Symptoms & Overall Wellness**

The Myers' Cocktail IV Kit, named after Dr. John Myers, is a powerful blend of essential multivitamins and nutrients designed to alleviate chronic symptoms such as ongoing pain, asthma, and more. This nutrient-rich formula promotes overall wellness and vitality.

Possible Benefits:

- Magnesium Chloride: Reduces fatigue, boosts immunity, and promotes relaxation
- B-Complex Vitamins: Supports healthy skin and blood cells, helps convert nutrients into energy
- Hydroxo B12: Enhances brain function, and supports blood, nerve, and cell health
- Calcium Gluconate: Promotes healthy bones and supports muscle, nerve, and cell function
- Ascorbic Acid (Vitamin C): Acts as an antioxidant, supports collagen production, enhances immunity, and aids in iron absorption

**Tri-Immune Boost IV  
Strengthen Immunity & Support Optimal Health**

The Tri-Immune Boost IV Kit combines Glutathione, Ascorbic Acid, and Zinc Sulfate to provide a powerful immune system enhancement. This high-concentration blend supports both the innate and adaptive immune systems, helping you maintain optimal immune function.

Possible Benefits:

- Ascorbic Acid (Vitamin C): Supports cellular functions in both the innate and adaptive immune systems, enhances immunity, and acts as an antioxidant
- Zinc Sulfate: Plays a crucial role in the development and function of immune processes, boosts overall immune health
- Glutathione: Protects immune cells, enhances cellular function, and supports the optimal performance of immune system cells

**Vitamin D**

Supports strong bones, immune function, and mood. Improves brain and neuromuscular health. A single injection can elevate levels for several months.

**Vitamin C**

Essential for immune health, antioxidant protection, collagen production, and better iron absorption.

**Vitamin B12**

Converts fat and carbs into energy, supports nervous system and brain health, and benefits red blood cells. Especially useful for those on plant-based diets.

**Glutathione**

A powerful antioxidant that fights oxidative stress, promotes healthy aging, improves skin appearance, and enhances cellular detoxification.

**Lipo B**

Supports fat metabolism and liver function. Can help with weight loss when combined with diet and exercise.

**Biotin**

Strengthens hair, nails, and skin. Also aids in converting food into usable energy and supports skin hydration.

**L- Arginine**

Supports blood flow by boosting nitric oxide, aids wound healing, hormone balance, immune function, and athletic performance.

**NAC (N-Acetylcysteine)**

Replenishes glutathione, protects cells, supports respiratory and liver health, may help with OCD, addiction, fertility, and skin conditions.

**Taurine**

Enhances brain and heart health, cognitive performance, blood sugar balance, and antioxidant defense. Also supports vision and digestion.

**L-Carnitine**

Helps burn fat by transporting it into cells for energy. Supports heart health, boosts exercise performance, and aids in metabolic function.

**Toradol**

A strong anti-inflammatory used for short-term relief of pain, including post-op pain, migraines, and muscle pain.

**ALA (Alpha Lipoic Acid)**

Antioxidant that helps reduce inflammation, manage diabetic neuropathy, improve brain health, and enhance other antioxidants like vitamins C and E.

**Magnesium**

Relieves muscle pain, reduces inflammation, improves sleep, and supports overall relaxation and heart function.

**Zofran**

Helps prevent or relieve nausea and vomiting. Commonly used in recovery or after intense physical stress.

**Calcium Gluconate**

Treats calcium deficiency, supports bones, nerves, and muscles. Also used in emergencies like hyperkalemia or calcium channel blocker overdose.
